CAPTAIN WILLIAM PERKINS IS
TEMPORARILY INSANE.Attack Came While He Was on Duty
and Force Was Required To Put
Him Off the Train.Conductor William Perkins, who has been
connected with the Georgia railroad for
over twenty years, was seized with an at-
tack of temporary insanity yesterday while
aboard his train.He left the city in the morning bound for
Augusta, and at the time was seemingly
in good health. The train had not gone
many miles, however, before he began to
act queerly. At first this was not noticed
by the passengers and the crew of the train,
but in a short while Conductor Perkins
seemed to lose his mind completely.Just before Rutledge was reached it was
deemed to leave him in the care of his
friends in that city, and when the train
arrived there an attempt was made to take
him from the train. He objected, however,
and it was only with the assistance of sev-
eral of the passengers that he was over-
powered by the trainmen.Medical attention was rendered him at
Rutledge and it is thought that with good
nursing he will soon recover.Captain Perkins is one of the most popular
conductors on the Georgia road. He is
well known in this city.IMPORTANT QUESTION SETTLED
PRESBYTERIANS WILL NOT SELL
THEIR NEW YORK BUILDING.The Controversy Over Dr. Briggs and
the Union Seminary Is Dis-
posed Of.Eagle Lake, Ind., May 25.—The Presby-
terian general assembly today settled two
important questions.The first was not to sell its building in
New York and the second to have only one
secretary of home missions.The latest echo of the controversy over
Dr. Briggs and the Union seminary came
up in the report of the judicial committee,
which extended to all presbyteries the or-
der to exclude students of that seminary
from their care.It was apparent that few commissioners
knew what they were voting upon, as the
matter came up on appeal from some
unannounced action of the synod of New York,
the name of the case alone being given.During the morning session the report
on home missions was presented.The following resolution was adopted at
the afternoon session:"When any board receives a legacy, the
use of which is not indicated in the will
of the testator, the funds shall either be
used for current work or invested in ac-
cordance with the laws provided for the
care of trust funds in the state where the
board is located. But if not used, they
shall be held until the general assembly ap-
prove of some different use than that
which the board may propose to make."The result is going to be that the end
to the debate so far as the senate is con-
cerned will come sooner than expected.
If the republicans succeed in holding their
forces together by means of cast iron cau-
ses, between twenty and thirty days will
suffice to finish the debate in the senate.Another twenty days ought to dispose of
the conference for the party lash is to be
vigorously applied and the republicans will
be made to pass some tariff bill—any tariff
bill, no matter how much they may dis-
agree as to some of its provisions.Senator Pettigrew's anti-trust amend-
ment and Senator Cannon's proposition
for an export duty on agricultural prod-
ucts were the two important side issues.Pettigrew did not speak in his Can-
non, who is always forceful, made an ex-
cellent speech in favor of his amendment.Aldrich Opens the Debate.
In opening his speech, Senator Aldrich
said:"Mr. President: The business of the en-
tire country is in a state of suspension
the awaiting the action of the senate on the
bill under consideration. I believe the
anxiety to secure action upon this impor-
tant measure at the earliest possible date
is shared by every member of the senate.
I can say for senators sitting on this side
of the chamber that no time will be spent
in the academic discussion of principles of
protection.""It is my purpose to keep the bill con-
tinuously before the senate to the exclu-
sion of all other legislative business until
it is finally disposed of, and in this I shall
expect the hearty co-operation of senators
on both sides of the chamber."After giving in detail the house estimates
of revenue Mr. Aldrich proceeded:"It will be apparent from a critical ex-
amination of the provisions of the house
bill that the estimate of \$90,000,000 in-
crease of revenue, if the bill should become a law
by the 1st of July, was excessive.""To indicate the grounds upon which this
judgment is based we may take the wool
and woolen schedule, from which \$24,000,000
of \$76,000,000 increase is expected. The
fact is well-known that there have been
unusual importations of wool in anticipa-
tion of the re-imposition of a duty—enough,
according to the trade reports, to supply
all the foreign wool needed by the domestic
manufacturers for more than a year.""The statistics on this point justify the
belief that there can be no revenue from
the wool duties during the fiscal year 1898,
except possibly a small amount from third-
class wools. The estimate of \$14,000,000 in-
crease from woolen goods is equally erro-
neous.""The same conditions exist, in lesser de-
grees perhaps, with reference to other
schedules. Instead of an increased revenue
from tobacco, we may more safely count
upon a decrease in the first year; the in-
crease from sugar will be much less than
in the ways and means committee's esti-
mate, owing to the fact that one-quarter
of the year's supply of raw sugar will
probably be imported before any new rates
of duty can be applied to them."The senator then took up the Hawaiian
treaty and said:ALDRICH OPENS

SAYS THE DEMOCRATS WILL HOLD OFF

They Will Permit the Republicans To
Give the Country a Dose of Re-
publican Prosperity—Can-
non Introduces Resolu-
tion for Farmers.Washington, May 25.—The tariff fight is
on in the senate.Although the announcement of its com-
ing packed the galleries and brought the
house leaders to the floor of the senate,
the day's proceedings were dull enough.Of course everybody was interested in
Senator Aldrich's defense of the senate
committee's bill. His estimate of the reve-
nues it would produce and the cold water
he threw on the Dingley bill were listened
to closely, but the chief interest lay in his
defense of the much discussed sugar
schedule.The republican tariff makers of the past
have been able to cover the tracks of their
several steals with more or less deftness
and Aldrich's defense of the sugar sched-
ule was equal to the best of these former
efforts.In his rejoinder Senator Vest reiterated
the democratic position toward the republi-
can tariff bill. The republicans are just
beginning to believe that the democrats are
honest and sincere in their declarations
that they would not prolong the tariff de-
bate to needless lengths.The democratic den challenging the test
of the republican plan to produce pro-
pensity does not please them, but they are
bound to do their part toward bringing
about the test.The result is going to be that the end
to the debate so far as the senate is con-
cerned will come sooner than expected.

PEACE CONDITIONS ARRANGED
GERMANY AGREES TO JOIN THE
POWERS' ACTION.The Situation Is Less Peaceful, How-
ever, in Thessaly—Governor Gen-
eral for Crete.HAMBURG, May 25.—The Neue Freie
Presse publishes a dispatch from Constantinople today saying that Germany has
finally approved the conditions of peace
and that the identical note of the powers
on the subject was presented to the Turk-
ish government today.LONDON, May 25.—The aspect of east-
ern affairs is less peaceful. Turkey is send-
ing 7,000 more troops to Thessaly and it is
said that the sultan has promised his min-
isters not to relax his hold upon that prov-
ince. It is reported from Vienna that Em-
peror Nicholas has advised King George
for his own safety to appoint a military
governor with exceptional powers and to
concentrate 8,000 picked troops at Athens.LONDON, May 25.—A dispatch to The
Standard from Berlin says that the powers,
including Turkey, have assented to the
appointment of Prince Francis Joseph, of
Battenburg, as governor general of Crete.

False Name.Berlin, May 25.—The examination of Herr
Von Tausch, the former chief of the secret
police, who is charged with four-fold per-
jury and treason, was continued today.Von Tausch wept during the course of
the proceedings.During the examination of Herr Von
Tausch, the former chief of the secret
political police, Baron von Luetzow, testi-
fied that he received altogether 20,000
marks from the police and signed the re-
ceipts in a false name about twenty times.He said that toward the close he became
quite hardened, adding that he would now
consult his counsel as to whether in order
to save his honor he ought not to make a
clean breast of everything.Herr von Tausch testified that it was
usual for police agents to sign receipts in
false names.

ernment has issued a decree suspending
specie payments for six months.The banks will lend the government 1,500,

SAVANNAH HAS A \$70,000 FIRE.

Two Large Wholesale Houses Are De-
stroyed Early in the Morning.Savannah, Ga., May 25.—(Special.)—Sav-
annah had its second disastrous fire of
the week this morning at 7:30 o'clock. The
stock of Messrs. Smith Bros., wholesale
liquor and tobacco, and J. M. Dixon & Co.,
wholesale grocers, are total losses from fire
and water.The fire was discovered in Smith Bros.'
store, at Bay and Whitaker streets, shortly
after the store opened, attention being
attracted to it by a loud explosion. Smoke
spread rapidly over the building and pre-
vented the department from getting in
much work. The origin of the fire is un-
known.It was communicated to J. M. Dixon &
Co. through a badly closed aperture be-
tween the two buildings.The buildings were only partially dam-
aged, but the stock of the two concerns is
a total loss.Smith Bros. had a \$45,000 stock on hand
and had \$10,000 in cash. Dixon & Co. were
insured for \$25,000, almost full value. The
insurance on the two buildings was about
\$15,000.BERESFORD HAS

Another Strange Event in the Life of a
Strange Man.

FROM PAUPER TO PRINCE, HIS STYLE

The Mayor of Fitzgerald Was His Best
Man and the Event Was One
of Great Social Importance.Lascelles' Kaleidoscop-
ic Career.Another era in the existence of Lord
Beresford:Sidney Lascelles has taken unto himself
a wife, and with the wife comes a cool
\$100,000.Legends have been written of the rise
and fall of fortune; fairy stories have
been told of the fluctuation of fate, but
the vivid career of Lascelles will eclipse
the wildest vagaries of the Arabian
Knights.From pauper to prince, from felon to
favorite.Scarcely four months ago this man was
a convict in the Georgia penitentiary.Today he is the most enterprising citi-
zen of an enterprising town. He cleared
\$10,000 in one deal when he established
electric light and waterworks plants, and
now he has won a young woman who
numbers her ducats by the tens of thou-
sands.

This step was unexpected.

Here is the wonderful story of Beres-
ford's new coup:Fitzgerald, Ga., May 25.—(Special.)—
The lucky star of Sidney Lascelles, which
has been in the ascendant since his arrival
in Fitzgerald, bringing him social and
financial success, has eventually attained
a climax totally unexpected by any but
his intimate friends.Lascelles is now receiving the congratula-
tions of the whole community on his
marriage with Miss Clara Pelky, of
Rhode Island, the ceremony having been
performed by the Rev. Dr. Becker at the
residence of Professor and Mrs. F. W.
McIntosh in the presence of the mayor
of the city, who acted as best man; Mr.
Alexander Pelky, father of the bride,
Judge and Mrs. Drew W. Paulk and a
few personal friends.The bride is a highly accomplished young
lady, nineteen years of age, who inherited
a fortune of \$100,000 from her mother, who
died last year. Miss Pelky, now Mrs.
Lascelles, is a popular favorite among all
classes of society, and has made in-
numerable friends since arriving in Fitz-
gerald six months ago.Mr. Alexander Pelky is a capitalist,
with large estates in Rhode Island, and
has invested several thousand dollars in
Fitzgerald property. He has just com-
pleted a large brick block on Grant street.
Mr. Lascelles has had phenomenal luck
in the magic city among the pines. Less
than five months ago he started out with
a small office as an insurance broker,
a month later he added a commercial
brokerage branch, and with his usual
foresight it did not take long for him to
see an opening for a wholesale jobbing
business, and on the first of the present
month he took possession of the largest
brick building in the city, and is the only
exclusive wholesale merchant here.He is transacting a large business in hay,
grain and groceries and scarcely a day
passes without a carload coming in on the
Georgia and Alabama road consigned to
him. The city is indebted to him for the
light and waterworks now in the course
of construction. It is said that he cleared
\$10,000 out of the deal. He numbers among
his friends and supporters the best men
in town, who gave him the right hand
of fellowship on his arrival and he has
proven himself in every manner fully wor-
thy of the confidence reposed in him.Mr. and Mrs. Lascelles will make their
future home in Fitzgerald, where they in-
tend to build a handsome residence on
Central avenue.

LEVEE BREAKS AT EL PASO

FRIGHTFUL SCENES AT EARLY
HOUR THIS MORNING.Second Break Drove the Workmen
Back and Prevented a Stopping
of the First Crevasse.El Paso, Tex., May 25.—At 1 o'clock this
morning the fire alarm sounded to arouse
the people in the lower part of the city
and notify them the levee had broken and
that the flood water of the Rio Grande
was rushing through the city. The levee
which broke was on the bank of the canal
on Station street.The river had reached its highest point
since 1881. In a few minutes a large force
of men was at work trying to check the
angry waters with sacks filled with sand,
but a second break above backed up the
water on the workmen and they had to
retire.The Texas and Pacific railway, realizing
that hundreds of families were being flood-
ed from their homes, backed in a large
number of empty freight cars for the ac-
commodation of the homeless.Not less than 120 homes were swept away
and tonight several hundred men are at
work on a new levee.

CHIPLEY DENOUNCES STOCKTON

SAYS THE REPRESENTATIVE IS
WORSE THAN A THIEF.Defeated Candidate Declares That the
Jacksonville Man Has a Letter
Which Was Stolen.Tallahassee, Fla., May 25.—A sensational
outcome of the bitter contest over the
election of United States senator appeared in
the senate this afternoon, when Senator
W. D. Chipley, of Pensacola, raising to a
question of personal privilege, read a state-
ment in which he said, among other things:"I am reliably informed that a member
of the legislature of Florida, of which this
senate is a part, and of which I am a mem-
ber, holds in his possession a letter ad-
dressed to me, which I have never seen or
read.""The letter was written to me by my
friend, placed under the protection of a
United States postage stamp and then de-
posited in the writer's coat pocket, that he
might mail it in the postal car at the ter-
minal station at Jacksonville, it being his
intention to depart from that station the
next morning. During the night the private
home of my friend was invaded by burglars
and he was robbed of money and
clothes, and also of the letter addressed to
myself, which was in his pocket.""In all ages a thief has been despised and
execrated, by honest men, yet there is a
lower and viler criminal than a thief, for
a thief at least has the nerve to risk his
life when invading his sleeping victim's
home, but the beneficiary of theft who
securely receives the stolen goods, to his
own profit, or to further his own interest
and purposes, is recognized by the law,
and the judgment of all honest and brave
men as a worse and more dangerous crim-
inal than the cringing thief himself.""I state upon reliable information and
belief that the person who holds and uses
the said letter as above set forth is J. N.
C. Stockton, a member of the house of rep-
resentatives from Duval county. I ask to
have this statement and protest spread
upon the minutes of the senate."Immediately following the reading of the
document, Senator Hartridge moved that
it be spread upon the journal of the senate,
and the motion was carried unanimously.

NEGRO GROOM SLAYS HIS BRIDE.

Jackson Didn't Know the Gun Was
Loaded and Is a Widower Now.Valdosta, Ga., May 25.—(Special.)—Sam
Jackson, a negro living in the southern
part of the county, made himself a widower
yesterday by fooling with an "unloaded"
shotgun.Jackson had not been married long and
in a playful way picked up a gun which he
thought was not loaded and pointed it at
his wife. He snapped one or two caps on
the weapon and then placed another over
the tube and made the remark: "I'll get
you this time sure."He pulled the trigger and a heavy load
of shot entered his wife's body.
Medical attention was summoned, but
the woman was too far gone for recovery.
No arrest was made, as the case seemed
to be accidental killing.

visions in regard to the Hawaiian treaty. The existing commercial treaty between the United States and the government of these islands provides for the free admission of raw sugars, the product of the islands, into the United States. If this treaty should remain in force it would result in giving a bounty to the Hawaiian sugar producers amounting to more than \$1,000,000 per annum.

"There should be no difficulty in securing through the treaty-making power such modifications of the treaty as will be satisfactory to both countries, without injury to either. I am sure there will be no difficulty in securing proper modification of the treaty so that it will not be necessary for the government of the United States to give notice of its abrogation as provided for by its terms."

Mr. Aldrich closed at 3:30 o'clock p. m.

Mr. Pettigrew then presented an amendment that when articles are manufactured by a tariff article of the character imported from abroad shall be free of duty. He said he would ask its consideration immediately after the committee's amendment.

It had been said, Mr. Vest proceeded, that adversity came with the advent of the democratic party and prosperity with the republican party. But that adversity did not come with the advent of the democratic party. Mr. Vest said he would summon as a witness no less an authority than Mr. William McKinley, who in a report made by Mr. McKinley April 1, 1889, setting forth the distress which the farmers of the country were suffering. How was it expected, the senator said, that by increasing the duties on tariff taxes the farmers would be helped to buy more goods.

Mr. Vest declared that the proposition to raise \$10,000,000 revenue by tax on the increasing internal revenue taxes was a "naked and bold" abandonment of the protective policy of the republican party.

The fiftieth annual session of the grand encampment convened here this morning and sixty delegates, representatives and post officers were present.

SAUNDERS'S PARTNER REFUSED THE BONDS

C. M. Donaldson Arrested on a Charge of Larceny from a Store.

IT IS THE DRAPER-MOORE CASE

Will Saunders, Now a Convict, Stated That Donaldson Was His Confederate.

There was a sensational arrest last night which makes another chapter in the stealing case which took place some time ago in the store of Draper, Moore & Co.

The young man who was taken in custody and locked up behind the bars at the police barracks is C. M. Donaldson, who seems to have been engaged in a variety of pursuits at different times. Recently he has been a tinsmith.

It will be remembered that Will Saunders, clerk for Draper, Moore & Co. and Henry Simms, a negro drayman, were arrested for stealing goods from the store. Saunders was tried and convicted and is now serving a three-year sentence in the penitentiary.

It is said that Saunders made a statement implicating Donaldson, and the police and city detectives have been looking for him for some time. He claims to have been in Atlanta all the while, but this is denied by the officers.

Donaldson was found yesterday afternoon and arrested later in the evening. He was locked up in a cell and will be tried before a justice of the peace for larceny and receiving stolen goods.

"I knew Saunders very well," he said, "but I had nothing to do with his stealing. If he said I helped him in any way or aided him to dispose of the stolen goods he simply stated what was not true, and I will be able to prove it."

The prisoner is a young man not quite twenty-one years of age. He came to Atlanta from Virginia about three years ago. He has worked for merchants on Broad street and has traveled for a commission house. Lately, according to his own statement, he has been engaged as a "tinsmith."

The officers believe they will be able to convict him without any trouble. The chief witness against him will be Saunders.

WILL PLAY FOR MASTERS.

Signal Compliment Paid to Signor Aldo Randegger.

A flattering distinction has been conferred on Signor Giuseppe A. Randegger, Atlanta's well-known young pianist. He has been selected as one of the pianists who are to play before the convention of the Music Teachers' National Association, which meets in New York city next month.

Signor Randegger is to play on Thursday, June 24th, the inaugural day of the convention, for which occasion an especially excellent program has been arranged. Among the other numbers of the program will be speeches by Governor Black and Mayor Strong, and selection by Anton Seidl's famous metropolitan orchestra. Signor Randegger will render Greig's piano concerto.

The Music Teachers' National Association convention takes place at the Grand Central Palace, on Lexington avenue, and lasts four days. All of the most notable musicians of the country will be present.

Signor Randegger enjoys a most enviable position both professionally and socially in Atlanta and his many friends are delighted to learn of the honor which he has achieved. The distinction is a most unusual one for so young a man.

No one who has ever heard Signor Randegger play doubts his winning the unqualified approval and hearty applause of what will be the most intelligent and critical musical audience that could possibly be gotten together in America.

NOTE WAS LEGAL.

Judge Newman's Decision Sustained by the Court of Appeals.

A mandate was sent to the United States clerk's office here from the circuit court of appeals at New Orleans yesterday affirming the decision of Judge Newman in the case of William S. Kuhn, trustee, and in his own right appellee, against Robert Morrison, appellant.

The case was appealed to appellate court some time ago. It was a suit to recover interest and principal on a loan of \$100,000 by Kuhn against Morrison for a loan of \$100,000. The note was made and delivered in Tennessee and was to bear 8 per cent per annum.

It was claimed that the note was void because of usurious interest. Judge Newman decided that it was not void and he gave a decree that Kuhn could collect the principal and interest at 6 per cent, which is the lawful interest in Tennessee.

A WOMAN SAVED.

A CASE OF INTEREST TO EVERY WOMAN.

Mrs. Henry Youngmans Tells a Story of Suffering and How She Was Cured.

From The Evening News, Detroit, Mich.

Mrs. Henry Youngmans, of Detroit, Mich., who resides at 1008 Grand River avenue, said: "Ever since our little one came I was an invalid. For years I have had the most painful experience and would have died many times. After the last baby was born I was unable to attend to my household. I could hardly stand and had dizzy spells. I wanted to sleep all the time and was treated by several of the best physicians. I would have been a feeble invalid, for which not applications were used. I used them for several years until I blistered myself severely."

"Before our child was born I had been a strong, healthy woman and was scarcely ever sick. After he was born I grew weak and thin, and received scarcely any help from the medical profession. The doctors said I was not properly cared for and I was scarcely ever without a severe headache. I could not tell you how many different prescriptions I have taken, but every doctor had a different plan of treating my case. I wore supports and laid for weeks with my limbs elevated, but without avail. One day my husband suggested that I try Dr. Williams' Pink Pills for Pale People, as he had read several articles in the paper about women who had been helped by them. I was discouraged and thought I must always be an invalid, but said I would try them after I had taken the bottle of medicine I was then taking."

Employee of the Southern Brings Serious Charge Against Judge Pierce.

APPLIES FOR A MANDAMUS

Says the Justice Declined To Accept Solvent Bonds Which Were To Dissolve a Garnishment.

A rule nisi was granted yesterday against Justice of the Peace J. W. Pierce, requiring him to show cause before the judge of the superior court why he should not be compelled by writ of mandamus to accept the bond of Will Henderson, an employee of the Southern railway, against whom a garnishment has been issued.

The filing of Henderson's petition shows an interesting state of facts which are alleged to be instances both in the justice court and the railroad. The petition was filed before Judge Lumpkin in chambers and an order was granted setting the case for a hearing on May 26th, at which time Judge Pierce must appear and show why he has refused to accept two bonds which have been tendered by the plaintiff. The hearing will doubtless bring out some interesting evidence.

Henderson, who claims to be a laboring man and dependent upon his daily earnings, alleges in his petition that a note was sued upon by J. W. Pierce. Henderson shows that the note went to judgment and a garnishment proceedings issued. He declares there is now in existence a rule of the Southern railway which provides that no man who has been served with a garnishment will be allowed to work for the company. He says he has endeavored to secure a bond acceptable to the justice of the peace, which would dissolve the garnishment, but although two bonds have been tendered the officer has declined to accept them.

When the garnishment was issued Henderson secured a bond with which to dissolve the garnishment, as he wished to return to his work. The bond was signed by Mr. E. M. Bass, the wholesale and retail dry goods dealer. Mr. Bass, so the petition shows, was worth many times the amount of the garnishment and his bond was absolutely and above question solvent. Yet the bond was refused, so Henderson claims.

Henderson then went to Dr. Joe Jacobs who furnished him with a bond. This bond, like the first, was without question solvent and good. Henderson claims yet it was refused acceptance by the justice of the peace. In the meantime Henderson was suspended from his work. He says there is no reason why either one of these bonds should not be accepted and he now asks the court to require the officer to accept one of the bonds and dissolve the garnishment so that he can go to work. He says he has now been out of work some time and is denied the privilege of working for the company so long as the garnishment remains against him.

Have you ever noticed how your system seems to crave for special assistance in the spring? Just the help most needed is given by Dr. Williams' Pink Pills. It gives nerve, mental and bodily strength.

VEAL CHARGES THE SYSTEM.

New Orders for Dumping Grounds and Waldron Is Asst. Superintendent.

Chief Veal, of the sanitary department, has inaugurated an entirely new system at the dumping grounds resulting from the recent changes in the department through which he has just passed. Hereafter the strictest economy will be observed in the purchase of supplies, and great care will be exercised in obtaining correct weights.

Waldron, who was deposited from the position of superintendent by the board of health, has been proffered the position of assistant superintendent and has accepted. He will have duties to look after the feeding of the stock at the grounds, and he will be subject to the orders of Superintendent Hanson.

Chief Veal issued new orders to the officials at the grounds yesterday which he requests Hanson to keep a correct account of all supplies received at the grounds; to make daily and semi-monthly reports of same and to generally supervise every part of the work at the grounds.

An order to Waldron requires that he be subject to the superintendent's order, and that he will be held responsible for the condition and feeding of all stock. An accurate set of books will be kept at the dumping grounds and the new system goes into effect June 1st.

Tennis Tournament.

Athens, Ga., May 25.—(Special.)—The university tennis tournament began this afternoon at 5 o'clock on the campus. It is being directed by Manager B. C. Jones of Rome. Games will be played each afternoon during the week. The prize for which the players are contending is an elegant motor car, valued at \$1,000.

The cup was won last year by Marjorie Dubose, of Athens, who will strive hard this year to retain it. The other contestants are determined to take it away from him if possible.

ATLANTA'S WALK OFF THE SURF WITH THEM

Home Team Has an Easy Time with the Visitors Yesterday.

DEFEATED ASHEVILLE EASILY

Rains Did Phenomenal Work with the Bat, Putting the Ball Over the Fence.

The baseball team from Asheville met defeat again yesterday at the hands of the Atlanta Braves. It was due to the same old cause that Moffitt and Gifford fretted over and that was their inability to hit the home run pitchers and the way the Atlanta team pounded out baseruns.

Conniff was in the box for the locals, and it was enough to make even Manager Jobe impatient to see the way his men fanned the air. The manager of the Asheville team bears the name of the man who was most noted for his patience, but the curves that Conniff fired at the Asheville team yesterday would have caused the Biblical Jobe to lose his reputation.

On the other hand, the Atlanta team pounded the ball all over the lot and out of the lot, too, for three home runs were hit by the Atlanta team. It was a terrible pounding that the Atlanta slugs gave poor Williams, and at no time was the game close. Rains hit the home run which put the Atlanta team in the lead, putting it a long way over the right field fence. Coleman and Pritchard both put the ball over the left field fence, and all the home runs were made with home runs. Groverer got a nice three-bagger, and, in fact, they all hit the ball whenever they wanted to.

In the field both teams put up a very ragged game, and the outfielders were plentiful. The running was as poor as it is possible for base running to be, and in fact the entire game was slow uninteresting and miserably played.

The home team of Groverer in center and Hock at short were about the only redeeming features. Groverer made two very fine catches and Hock put up a quick, snappy game that broke the monotonous some.

Following is the official score:

Asheville will try it again today. The Atlanta team is playing great ball and they are really a very strong team. The team is not as good as hundreds of good amateur teams playing all over the south, and if they ever beat the Atlanta team it will be because they are allowed to.

Stewart will be in the box today and the fans consider him Atlanta's best pitcher. In the two games played, Asheville has only made nine hits, and they are not likely to increase that much today. Jobs will put his best efforts in today, but if he is to be judged by the other two he will be an easy mark. Rain or an entirely new team are about the only two things that can save Asheville from defeat today. Game called at 4 o'clock.

KNOXVILLE WINS HER GAME.

They transfer their franchise after that date to Charlotte, N. C. Manager Gifford will be the manager of the new team and will sign some Charlotte players instead.

The Southeastern League is to be disbanded and reorganized with the following teams: Atlanta, Knoxville, Asheville, Spartanburg, Charlotte and Greenville. New officers and new umpires will be selected. These teams are all anxious to come in.

WANTS TO BUY ST. LOUIS CLUB.

Owner of the Clevecland Aves Franchise.

St. Louis, Mo., May 25.—When seen today President Chris von der Ahe said that the St. Louis baseball club and franchise had not been sold, and would not be, and as far as he was concerned the negotiations with the Robinsons of Cleveland, was off.

Frank DeHaas Robinson, president of the Cleveland club, said today that the cash offer he and his brother had made Von der Ahe had been refused. Robinson refused to state what the amount was, but it was reported to be \$100,000.

It was the extent of it, Robinson did not seem to think that the matter had finally been disposed of, but rather spoke as though he had hopes of yet making terms with the St. Louis magnate.

National League Games Showed a Good Run for Errors.

Philadelphia 9, Cleveland 10. Cleveland, May 25.—The Indians again defeated the Phillies in a hot finish. Cappy held the visitors down well until the eighth inning, when bad errors by McKean and Childs were responsible for six runs. Cappy being hit hard after the sides should have retired.

McDermott pitched for Cleveland in the ninth and retired Philadelphia in good order. In the last half Casey went up in the air, giving three bases on balls, and Orth, who replaced him, forced in a run with another. O'Connor batted for McDermott and his double scored two runs, while Zimmer made the winning run on Geir's wild throw to the plate. R. H. E. Cleveland, 10; Philadelphia, 9. R. H. E. Grocers Decide To Make Their Annual Excursion to the Coast.

THEY WILL VISIT CUMBERLAND

The Southern Gives Them a Rate of \$3.50 for the Round Trip—June 16th Grocers' Day.

On to Cumberland island, is the cry of the Atlanta grocers. The rate for the trip has already been offered by the Southern road, at \$3.50 for the round trip, including the street car fare from the depot to the wharf at Brunswick, and the steamer ride to the island, twenty miles away. This rate was accepted by the grocers, and a committee appointed to arrange the details of the excursion. The committee is composed of the following named gentlemen: J. W. Kilpatrick, chairman; W. R. Roberts, secretary; O. T. Camp, George H. Sims and B. E. Gardner.

This committee is authorized to arrange all the details. The date selected was June 15th. The train will leave Atlanta on the night of June 15th, at 8:30, and will arrive in Brunswick about 6 o'clock the next morning. The steamer will be waiting, and the excursionists will be immediately carried to the island. The train will leave for Atlanta on the return trip at 6:30 o'clock on the afternoon of June 16th.

The train will be in charge of Mr. W. D. Allen, of the Southern railway's passenger department. To be absolutely sure of having none but the best people on board, the grocers themselves will select the excursionists. They will let no one buy tickets except friends whom they know to be all right. Cards will be printed and left with the grocers. When a grocer has a friend who wants to go on the trip, the grocer will give him one of these cards, which will entitle the holder to the purchase of a ticket from the railroad. No tickets will be sold to anyone who does not have one of the cards of indorsement from some grocer.

The rate to Cumberland is the cheapest ever offered. It is lower than the grocers expected for so long a distance, and they are congratulating themselves over the liberal policy of the Southern.

The grocers will close up their places of business on the day of the excursion, whether they go or not. All the excursionists will wear badges announcing the fact that they are the retail grocers of Atlanta. A committee was appointed last night to solicit money from the wholesale grocers for the purchase of the badges. The committee was George Stapleton, C. G. Hannah and Henry Maddox.

It is expected that at least 1,200 people will go to Cumberland on the excursion, as it will afford the best opportunity of the season, being the cheapest and the quickest trip that will be made.

FOULS ABUNDANT AT LOUISVILLE

First and Second Runners Disqualified and a 30 to 1 Given Race.

Louisville, May 25.—The last day of the most successful meeting ever held by the Louisville Jockey Club furnished a mild sensation for the talent. It came in the second race.

Locust Blossom, with T. Burns up, won by a half length from Flora Louise, ridden by C. L. Hoot. The race was a close one. Clarico, who rode Nola, complained that Burns had fouled him. Burns admitted that he had pulled across in front of Flora Louise, but accused Clayton of having also fouled him.

Clayton then confessed that he had pulled across in front of Locust Blossom. Both horses were disqualified and Penitence 30 to 1. The race was a close one.

L. R. CATLETT WILL NOT RACE.

No Sensational Time Expected in the Latonia Derby.

Cincinnati, May 25.—The indications are that there will be but five starters in the Latonia Derby tomorrow afternoon. The owner of Dr. Catlett, who was thought to have an excellent chance, decided not to start him tomorrow.

The colt has been off in his work, and this, together with the fact that he has several bad races down the line, led his owner to declare him out. With good weather tomorrow the track should be in fine condition, but not fast enough for any sensational time.

The starters, weights and jockeys are: Ornament, 127, A. Martin; F. F. V., 114, J. Hill; Panmure, 120, J. G. Gandy; France, 114, W. Clayton; Box, 114, Sherrin.
